Gear Up For Success

AUSTRALIAN SPORTS APPAREL GROUP

Australian Sports Apparel Group (AUSAG) is one of the leading custom sports apparel manufacturers in Australia, specialising in On & Off-field sportswear, school uniforms, corporate uniforms & work wear.

The different sports such as football, tennis, cycling, swimming or running, have always been on the minds of a big number of individuals. The only thing which bothers them many a times is the right kind of sport wear and other accessories. These accessories, not only provide the players with a stylish look, but also make their moves in the game much easier and with comfort.

Our tag line, ' Gear up for success', speaks volumes about our quality and the manner we act as an ally for our customers in tasting the success in the sports field. We are a definite name in the sports arena and are continuously delivering the technically advanced and comprehensive line of sport products in Australia. We have men's as well as women's sports apparel as our forte. We provide jerseys, shorts, sweatshirts and other apparel for every sport. We provide apparels of highest quality. Our range is dynamic, which keeps on changing with the latest trends and innovations in the field of sports.

Our team of efficient members are involved with a wide range of sports brands. This is the reason we provide our clients with the highest level of need satisfaction. Our team of experts are well aware with each and every need of the athletes in today's competitive era. This is the reason our product lines are designed as well as organised in such a manner that they take care of each and every need of the athletes, both on the field and off the field. To come up with the contemporary designs and provide the needed comfort to the athletes, our team members work closely with the different athletes, so as to take care of the technical aspects during the product development phase.

HOW WE WORK?

Many individuals must be intrigued about how we at, Australian Sports Apparel Group (AUSAG) work. To give the present customers as well as prospective customers an idea about how the work is carried here, we have presented the entire sequence below.

Designs

We have our team of in house designers who are adept at weaving the designs, team logo and number and name of the player on the sportswear in the manner as conveyed to them by the customers. We provide designs to you free of any charge. Else, if you have your own design then you can forward that to us and we can make it live in your order.

Significant details about item, size and quantity

The interested individuals need to provide us the following details in a worksheet by mailing us at our official email address, 'info@ausag.com.au'. The following details are very significant for us, so make sure that what you mail to us are the final details.

The details include:

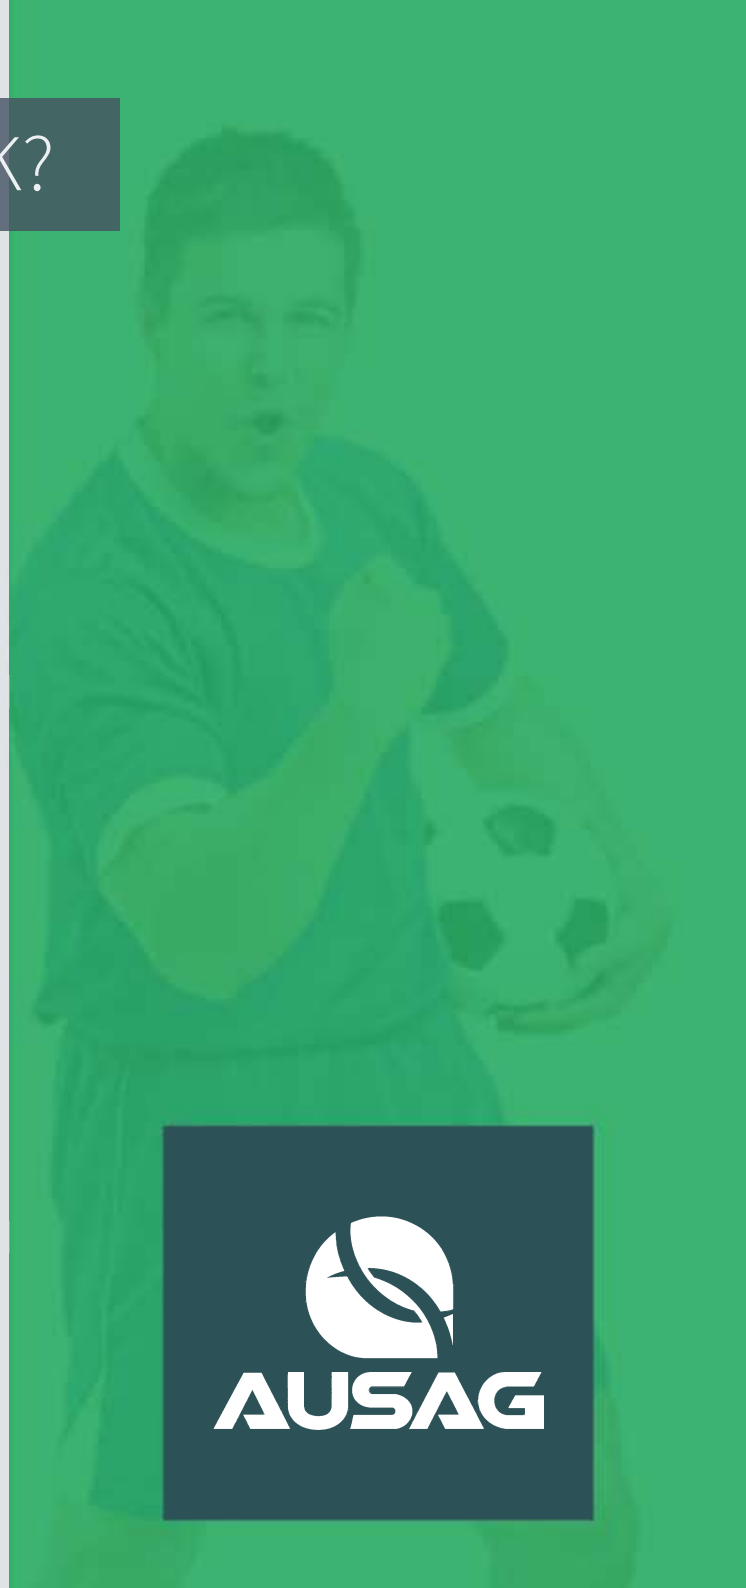

- Items required
- Size of the items in tune with the size as per size chart
- The order size

Confirmation of quote and order

Once you confirm your order, which you intend to place with us after sending the details to us, our accounts department will compute the total minimum cost which you need to pay to get the order placed with us. This quote would then be forwarded to you. To create your order sheet, you need to place with us at least 50% of the amount invoiced to you. Once the sum of money reaches us, we will send you a confirmation mail that your order is placed with us and we would deliver it within the deadline.

Turn around time and delivery

As mentioned earlier, our usual turn around time is about 3 to 6 weeks, which depends particularly on the item and size of the order. The order is released and despatched to the customer, only after we receive the remaining of the billed amount in our account. We dispatch the order through reputed courier service such as DHL Express and Australia Post.
If any defect is found by you in the order delivered to you, you need to report to us about it within 7 days from the date of delivery of the order, to get the item replaced.
